

Innovative Instrumentation & Sensors Since 1977

All our Instruments are **21CFR PART11** Compliant

Conductivity Indicators/ Controllers Chlorine / Turbidity / DO Meters Water Proof / Hand Held Analytical Instruments

Indicators Controllers Conductivity Cells Chlorine Meters Turbidity DO Meters DO Meters Lab pH / ORP / DO / Free Chlorine

pH Indicators/ Controllers

Indicators Controllers Isolators Electrode Holders

Temperature Indicators / Controllers / Scanners

Indicators **Model TI 100** Controllers Scanners Paperless Data Loggers

Lab Instruments for pH / Conductivity / TDS

Other Instruments

Lab pH pH Controller for Research Lab Conductivity / TDS RPM Indicator PID Controller HMI Wireless Digital Clock Sync Software

Clean Room Instruments

Pressure Indicator Clean Room Monitor No Touch Switch Process Indicator SCADA

Sensors for pH / Conductivity / RH / DO / Pressure / Temperature

pH Sensors Conductivity Sensors RHT Sensors DO Sensors Pressure Transducers/Transmitters RTD/Thermocouple Sensors

Authorised Distributors for Van London Company, USA

GLOBAL ELECTRONICS

● HYDERABAD ● VISAKHAPATNAM ● MUMBAI ● VADODARA
 PH:+91 40 23221391, 6687, 98499 85306 Email : info@ge-india.com URL : www.ge-india.com

All our Instruments are **21CFR PART11** Compliant **Sensors, Instruments & Systems for**

- Conductivity
- TDS
- pH
- ORP
- DO
- Temperature
- Relative Humidity
- Pressure
- Pressure Vacuum Transmitters
- CO₂
- ISE
- Free Chlorine
- Turbidity
- Level
- Data Acquisition
- Plant Automation
- Signal Conditioning
- Water Treatment
- Pollution Monitoring

We are pioneers in manufacturing of instruments and sensors for various applications
Since 1977

Our Manufacturing range:

- Temperature Indicators and Controllers
- RPM Indicators
- PID Controllers (**All Standard Sizes**)
- pH Indicators and Controllers
- Conductivity Indicators and controllers
- RTD / Thermocouple Sensors (**All sizes**)
- Pressure Transmitters
- RH + Temperature Indicators **MODBUS / ETHERNET**
- RH + Temperature Sensors **MODBUS / ETHERNET**
- Differential Pressure Indicators
- SCADA
- **Water & Waste Water treatment** Instruments and Sensors
- Dew Point Transmitters
- Air Velocity Transmitters
- Paperless Data Loggers
- **Wireless / Ethernet / MODBUS** based Digital Clocks

Sole Distributors in India for

Van London Company., USA is one of the largest manufacturers of pH, ORP, Dissolved Oxygen & Conductivity electrodes in the world. The state of the art 30,000 sqft manufacturing units produces over 50,000 electrodes in almost 3000 varieties and are sold all over the world.

The new Patented **GX-V Green Glass** delivers unparalleled performance and stability in the most demanding applications.

- **pH Electrodes:** Laboratory, Autoclavable, Online, Steam Sterilisable
- **Conductivity Cells :** Laboratory, Autoclavable, Online
- **Ion-Selective Electrodes:** Laboratory, Autoclavable, Online
- **Dissolved Oxygen Sensors:** Laboratory, Autoclavable, Online, Steam Sterilisable
